

STOPS LEATHER AND VINYL CRACKS:

Did you know vinyl and leather cracks?

It's because it sweats, drying the material out and causing it to crack and fade. Even on a 30o day your car can reach a damaging 60o or higher.

Vinyl and Leather Protection is a nourishing sealant which locks in the moisture and stops it escaping.

This keeps it looking fresh and new, even after years of exposure to the sun's harmful rays.

A FIX FOR FOGGY WINDSCREENS?

When the temperature inside your car changes it causes a tiny release of chemicals from your dashboard vinyl.

These chemicals build up on your windscreen and eventually cause a foggy appearance which is annoying, potentially dangerous when driving towards the sun and almost impossible to get rid of.

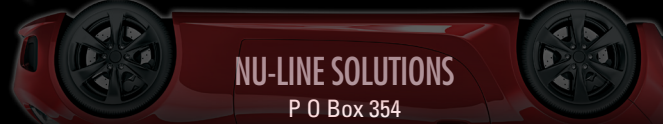

DON'T PUT YOURSELF IN DANGER.

Vinyl and Leather protection seals these chemicals in, reducing the main cause of foggy windscreens.

- ◆ Prevents cracking leather and vinyl
- ◆ Stops leather and vinyl from fading
- ◆ Protects against staining, makeup, food, drink, suntan oil and grease
- ◆ Reduces foggy windscreens

OUR PROMISE TO YOU:

"Your new car is guaranteed to look like new for life – your paint will not fade, your interiors will not crack and your carpet will never stain"

The ultimate protection from:

- ◆ Fading paint
- ◆ Dirt and Grime
- ◆ Bird droppings
- ◆ Carpet Stains
- ◆ Cracking leather and vinyl
- ◆ Upholstery Stains
- ◆ Damaging UV
- ◆ Acidic Rain Damage
- ◆ Environmental Damage
- ◆ Pets and Children

All Nu-Line's Products are Gentle on the Environment

NEVER FADE PAINT PROTECTION:

Nu-Line Paint Protection keeps your car's paint fresh and new forever.

Our time-tested formula works by locking your paintwork away behind a high performance Teflon like coating, keeping it new forever.

It even restores the shine on older cars!

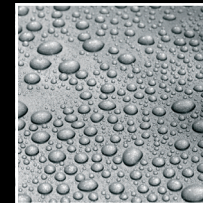

SAY GOODBYE TO WAX AND POLISH

The Teflon like coating leaves the surface slippery and non-stick, making it quick and easy to clean, and eliminating the need to wax or polish ever again.

Complete protection from -

- ◆ Dirt and grime from the roads
- ◆ Bird and bat droppings
- ◆ Harmful UV
- ◆ Acidic rain
- ◆ Tree sap and berry stains

AND YOU ARE COVERED BY OUR INDUSTRY-LEADING LIFETIME "NO-FADING" GUARANTEE.

STAIN-FREE CARPETS AND UPHOLSTERY:

Thanks to Nu-Line Interior Protection you never have to worry about spills and stains again.

Modern cars take a battering thanks to messy kids, pets...and even adults!

The result?

Nasty stains and a gradual discolouring over time.

The good news is keeping your carpet and upholstery fresh and new is easy.

Nu-Line Fabric Protection shields them with an advanced Teflon treatment. The invisible shield penetrates and protects each individual fibre from spills and grime.

Here is why car owners love it:

- ◆ Spills only settle on the surface and are easily blotted up
- ◆ Grime, dirt and grubby finger marks won't penetrate your carpet, and can be cleaned quickly with warm soapy water (no cleaners or chemicals are needed.)
- ◆ A regular vacuum keeps your carpets looking and smelling fresh and new
- ◆ Nu-Line Fabric Protection is odourless, non-combustible and allergy free so it's perfectly safe for children and pets.

NULINE
FABRIC PROTECTION
SAFE & ALLERGY FREE!

WHY CAR OWNERS LOVE NU-LINE:

Car owners across Australia have fallen in love with Nu-Line's Car Protection Range.

- ◆ Protects your paint from dirt, UV, acidic rain, bird droppings and berry stains
- ◆ Protects your carpets and seats against spills and accidents from kids, pets (and even adults)
- ◆ Prevents cracking of vinyl and leather
- ◆ Reduces windscreen fog
- ◆ Makes it easy to maintain your car
- ◆ Keeps your car's paintwork looking shiny and new without waxing or polishing
- ◆ Increases the resale value of your car
