# Tyre Guard

*Your spare tyre in a can.*

## WHAT DOES IT DO?

GardX's Tyre Guard is an essential safety device for your car. With this solution, you can make a temporary repair swiftly and drive your vehicle to a safer location in case of a puncture.

## BENEFITS

- Special latex foam formula will seal most puncture types and also inflate the tyre, enabling the user to travel safely to a tyre centre.
- Tyre Guard is a great safety device e.g. if you have a punctured tyre and you have stopped in a dangerous position.
- If the tyre is repairable, the environmentally-friendly, water-based foam sealant can be washed safely from the tyre.
